

Our story

Established in 1999, Dalksna completely changed its face in 2013. Since then we strive to make a difference in what people eat. Globally. We look for and then deliver the taste and nutritional qualities of fresh products in the form of freeze-dried food from their country of origin. Based in Vilnius, Lithuania, we are growing as a global company without borders. And we know that our range of products has no competition, because we found the way to create snacks that are delicious and healthy at the same time.

Join us as a Junior Product Coordinator

Work in an interesting environment, build your career and become a part of an internationally growing brand. Your key task will be to ensure that **Ranchers** fruits safely and smoothly would reach store shelves from their origin countries. Moreover, you will have to understand the product vision and support team members in many different fields and tasks by growing **Ranchers** brand. We welcome senior-level university students: as long as you complete your work on time, we will be happy to adjust to your class schedule.

You are:

100%
self-starter

Unafraid of
challenges

Friendly and
helpful

Seeking to
improve

Detail oriented
and accurate

Languages required:

Lithuanian, English

Education required:

Last course student or graduate

Working time:

Full-time work

Start of work:

ASAP

Location:

Kaunas

If it sounds like you, please send us your CV and Cover Letter to careers@myranchers.com indicating Reference: 160131-1 Junior Product Coordinator.
